SKI - Taos Ski Valley!

TAOS ~ Ski perfection!

Taos Ski Valley is located in the Sangre De Cristo Mountains in Northern New Mexico and is home to a distinctive European atmosphere combined with local Native American and Spanish cultures. **Taos is a powder lover's paradise** and is known for having light dry powder, **undetectable lift lines**, steep chutes, big bumps, cornices and tree glades.

The resort grants access to 1,294 acres of skiable terrain and receives an average 300 inches of snowfall annually. **The ski area has a great mix of terrain providing trails for all ability types** and is home to one of the country's highest rated ski schools.

Visitors will be able to experience the mountain's celebrated Kachina Peak via chairlift for the first time, increasing the mountain's advanced and expert lift-serviced terrain by 50 percent. The lift will summit at 12,450 feet, making

it one of the highest chairlifts in North America.

The American made triple-seated fixed grip lift, manufactured by [SkyTrac](#), will rise 1,100 vertical feet in five minutes to a top elevation of 12,450 feet. The additional elevation will give Taos a lift-served vertical drop of 3,250 feet.

Snakedance Condos:

Is a slope-side Condominium Hotel blending old world Alpine tradition with modern convenience. They specialize in warm hospitality offered by their entire Snakedance family, and enjoy sharing their love of Taos Ski Valley with passionate skiers ready to experience the thrill of the mountain. from the base of the main chairlift, and offer ski storage with boot dryers. Their mission is to make sure your Taos Ski Valley experience is one you'll remember, whether you are a returning guest or a first-time skier.
